Walter

Sclerosing Treatment of Varicose Veins by Chemical Irritants. By R. C. Logefeil, M.D., and A. W. Dahlstrom, M.D. 690

Experimental Study of the Effects of Stimulation and Section of the Vagal Innervation to the Bronchi and their Possible Relation to Asthma. By Harry T. R. Mount, M.B. (Tor.) 697

The Relationship between Serum Calcium and Age. By Esther M. Greisheimer, M.D., Ph.D., Olga H. Johnson, M.B., and Mary Ryan 704

Mercurochrome as a Biliary Antiseptic, as a Means to Visualize Gall Bladders, and as a Possible Form of Treatment in Cholecystitis. By Lay Martin, M.D., and J. A. Hill, M.S. 710

Chronic Appendicitis. By John B. Deaver, M.D. 749

Chronic Bronchiectasis in Childhood, with Observations on Early Diagnosis. By Edward S. Thorpe, Jr., M.D. 759

Retropharyngeal Abscess in Infants and Children. By Harry M. Greenwald, M.D., and Charles R. Messeloff, M.D. 767

The Pancreatic Triad. By W. N. Boldyreff, M.D. 778

Clinical and Experimental Studies on Calcium and Cholesterol in Relation to the Thyroid Parathyroid Apparatus. By Preston A. Wade, M.D. 790

The Relationship between Sedimentation Index and Fibrin Content in Relatively Normal Individuals. By Esther M. Greisheimer, M.D., Ph.D., Olga H. Johnson, M.D., and Mary Ryan 816

Increase in Blood Sugar following the Ingestion of Glycerol. By Julius Ferber, M.D., and Sophie Rabinowitsch, M.Sc. 827

The Place of Fungi in Modern Medicine. By Fred D. Weidman, M.D. 832

Gonococcal and Pneumococcal Vegetative Endocarditis of the Pulmonary Valve. By James I. Johnston, M.D., F.A.C.P., and John M. Johnston, A.B., M.D. 843

Bilateral Aneurysms of the Common Iliac Arteries. By Henry Joachim, M.D., and Max A. Goldzieher, M.D. 849

Two Cases of Periarteritis Nodosa. One with Unusual Manifestations (Meningeal Form). By G. A. Bennett, M.D., and S. A. Levine, M.D. 853

S.M.M.

CONTENTS OF VOL. CLXXVII

ORIGINAL ARTICLES

Peptic Ulcer of the Esophagus. By Julius Friedenwald, M.D., Maurice Feldman, M.D., and Waitman F. Zinn, M.D. 1

A Statistical Study of Clinical and Laboratory Findings in Gastric and Duodenal Ulcer, with Special Reference to Roentgenologic Data. Based on the Records of 279 Operatively Demonstrated Cases. By T. Grier Miller, M.D., Eugene P. Pendergrass, M.D., and Katherine S. Andrews, M.D. 15

Late Results of Surgical Treatment of Peptic Ulcer Based on a Study of 678 Cases. By Maurice Fremont-Smith, M.D., and Monroe A. McIver, M.D. 33

A Comparison of the Late Results of Ambulatory and Hospital Treatment of Peptic Ulcer. By John M. Blackford, M.D., and James M. Bowers, M.D. 51

The Effect of Smaller Doses of Histamin in Stimulating Human Gastric Secretion. By Louis M. Gompertz, M.D., and William Cohen, M.D. 59

Observations on Peptic Ulcer. VI. Preliminary Report of Clinical Experiments with Gastroduodenal Analysis. By Charles Bruce Morton, M.D. 65

The Extent of the Variations in the Leukocytes of Normal Individuals. By E. M. Medlar, M.A., M.D. 72

Marked Monocytosis Accompanied by a Neutrophilic Leukopenia following Antisphilitic Treatment. By Charles P. Wilson, M.D. . . . 88

Adenoma of the Islands of Langerhans with Associated Hypoglycemia. By William U. McClenahan, M.D., and George W. Norris, M.D 93

Thyrotoxicosis from the Internist's Standpoint. By Joseph L Miller . 98

A Simplified Method of Gastric Analysis. By Garnett Cheney, M.D. 110

Clinically Primary Tuberculous Pericarditis. By J. A. Clarke, Jr., M.D. 115

The Persistence of a Mitral Stenotic Murmur in the Presence of Auricular Fibrillation. By Cary Eggleston, M.D. 153

Sympathectomy in the Treatment of Angina Pectoris. Comparison of Results with those from Paravertebral Alcohol Injection. By Edward P. Richardson, M.D., and Paul D. White, M.D. . . . 161

The Symptom of Sighing in Cardiovascular Diagnosis. With Spirographic Observations. By Paul D. White, M.D., and Richard G. Hahn, M.D. 179

Blood Chemical Studies in Arterial Hypertension. By Ralph H. Major, M.D. 188

A Study of the Blood Pressure of Patients with Diabetes Mellitus. By S. Franklin Adams, M.D. 195

An Experimental Study of the Influence of Ferromagnetic Cubic and Paramagnetic Amorphous Iron Oxid on the Blood. In Simple Anemia and in the Normal. By C. A. Doan, M.D., F. R. Sabin, M.D., and C. E. Forkner, M.D. 201

The Treatment of Sprue with Liver Extract (343). By Arthur L. Bloomfield, M.D., and Harry A. Wyckoff, M.D. 209

Coincident Diabetes Mellitus and Pernicious Anemia. With Report of a Case. By Lewis H. Hitzrot, M.D. 213

The Intracutaneous Salt-solution Test in Thyrotoxicosis. By Jacob M. Mora, M.D. 219

A Simple Exercise Tolerance Test for Circulatory Efficiency with Standard Tables for Normal Individuals. By Arthur M. Master, M.D., and Enid Tribe Oppenheimer, B.Sc. 223

The Water Balance in Cardiac Decompensation. By Robert van Valzah, M.D., Edwin D. McKinley, M.D., and William S. Middleton, M.D. 244

The Hereditary Type of Angioneurotic Edema. By Harold F. Dunlap, M.D., and Willis S. Lemon, M.D. 259

Ipsolateral Edema and Contralateral Jaundice Associated with Hemiplegia and Cardiac Decompensation. By Irvine H. Page, M.D. . . . 273

The Value of Phenylhydrazine in the Treatment of Polycythemia Vera. By Samuel H. Hurwitz, M.D., and Joseph Levitin, M.D. . . . 309

Efficiency of the Mechanical Factors of Respiration. A Study of Respiratory Reserve. By Willis S. Lemon, M.D. 319

The Ultimate Prognosis in Hay Fever. By Francis M. Rackemann, M.D. 333

A Departure from the Usual Methods in Treating Obesity. By Frank A. Evans, M.D., and James M. Strang, M.D. 339

Chronic Pentosuria and Migraine. By J. I. Margolis, M.D. . . . 348

Studies in Biliary-tract Disease. II. A Study of the Important Microscopic Elements in Bile. By Edward Hollander, B.S., M.D. . . 371

Studies in Biliary-tract Disease. III. The Diagnostic Value of a Colorimeter for the Meltzer-Lyon Test. (Report on 100 Consecutive Cases of Gall Stones). By Edward Hollander, B.S., M.D. 377

On the Relation of Gall Bladder Emptying to the Ingestion of Fats: II By Daniel N. Silverman, M.D., Willys Denis, Ph.D., and Herbert L. Weinberger, M.D. 384

Cardiospasm with Special Reference to Etiology. By Horace W. Soper, M.D., and Leslie D. Cassidy, M.D. 386

The Effect of Irritation of the Colon on the Emptying Time of the Stomach By Robert T. Monroe, M.D., and Edward S. Emery, Jr., M.D. . 389

A Roentgen Ray Study of a Group of Long-distance Runners. With Special Reference to the Effect of Exercise on the Size of the Heart. By John T. Farrell, Jr., M.D., Paul C. Langan, M.D., and Burgess Gordon, M.D. 394

Liver Extract in the Treatment of Hypertension. By T. L. Althausen, M.D., W. J. Kerr, M.D., and T. C. Burnett, M.D. 398

High-carbohydrate Diets in Diabetes Mellitus. By Russell Richardson, A.M., M.D. 426

The Relation of Cancer to Old Age. By James Ewing, M.D. . . . 461

A Serum Test for the Diagnosis of Cancer Based on a New Theory of Etiology. By B. Gruskin, M.D. 476

The Differential Diagnosis of Primary and Secondary Carcinoma of the Bronchi. By Edward Weiss, M.D. 487

Spontaneous Nonrhythmic Variations in the Blood-pressure Levels and in the "Silent Gap," A Theory of Vasomotor Arrhythmia. By Louis H. Sigler, M.D. 494

Acute Massive (Nonsurgical, Nontraumatic) Pulmonary Atelectasis. Report of Two Cases. By Henry K. Mohler, M.D. 507

The Volume and Hemoglobin Content of the Red Blood Corpuscle. Simple Method of Calculation, Normal Findings, and Value of Such Calculations in the Anemias. By Maxwell M. Wintrobe, M.D. . 513

Blood Sedimentation Test Combined with a Serum Reaction in the Diagnosis and Prognosis of Tuberculosis. A Preliminary Study of One Hundred and Forty-seven Cases. By Eugene M. Schloss, M.D., and Philip R. Miller, M.D. 523

The Artificial Production of Punctate Basophilia and Reticulation in Erythrocytes. By W. E. Cooke, M.D., F.R.C.P.E., M.R.C.P. . . 537

Poliomyelitis. Its Pre-paralytic Period with Results of Serum Therapy. By Wardner O. Ayer, M.D. 540

Certain Nervous Complications following the Use of Therapeutic and Prophylactic Sera. By Foster Kennedy, M.D., F.R.S. (Edin.) . 555

Sex, Age and Seasonal Distribution of Tetany in the Orphanages in Peking. By Shih-hao Liu, M.D., and Fu-Tang Chu, M.D. 559

Carbon Dioxid in the Treatment of Hypostatic Pulmonary Congestion. A Preliminary Report. By Robert E. Burns, M.D., and William S. Middleton, M.D. 564

The Toxic Psychoses: An Analysis of One Hundred Cases. By F. C. Hill, M.D., and George Wilson, M.D. 569

The Problem of Pigment Formation. By Bruno Bloch, M.D. . . . 609

The Aging of the Heart Muscle Regarded from a General Biologic Point of View. By Alfred E. Cohn, M.D. 619

Interventricular Septal Defect with Dextroposition of Aorta and Dilatation of the Pulmonary Artery ("Eisenmenger Complex") Terminating by Cerebral Abscess. Report of a Case Observed during Life, Presenting Impaired Conduction, and Paralysis of Recurrent Laryngeal Nerve from Pressure of Hypertrophied Pulmonary Conus. By E. A. Baumgartner, M.D., and Maude E. Abbott, B.A., M.D. . . . 639

Fulminating Meningococcus Septicemia without Meningitis. By Richard Middleton, M.D., and William Duane, Jr., M.D. 648

Leukosarcoma. With Report of a Case Beginning with a Primary Retroperitoneal Lymphosarcoma and Terminating with Leukemia. By David H. Flashman, M.D., and Simon S. Leopold, M.D. . . . 651

Changes in the Eye in Leukemia. By Egbert J. Borgeson, M.D., and Henry P. Wagener, M.D. 663

On the Generalized Effect of Radiations in Myelogenous Leukemia. By M. M. Strumia, M.D. 676

Infection as a Cause of Juvenile Cirrhosis. By V. H. Moon, M.D. . . 681
